Providing the foundation for our student's success in the world community

## The Bloomfield Central School District

The Bloomfield Central School District serves residents in the towns of East Bloomfield, West Bloomfield, Bristol, Canandaigua, Richmond, and Victor. The district is comprised of two buildings. The school campus covers 118 acres and consists of over 255,000 square feet of building space. The district includes two main buildings, the Elementary School and the Middle/High School. The Bloomfield Elementary School serves students from universal pre-K to grade 5, and our Middle/High School serves students grades 6-12. Our population of approximately 900 students is educated by a caring, knowledgeable and dedicated faculty and staff. The district's mission is to "Provide the foundation for our student's success in the world community". Our District and Building Targets highlight the importance we place on Believing in each child, Challenging each child and Supporting each child in their growth and development as a learner and contributing member of both the local and global Community.

Students at our high school are able to access a wide variety of academic and extracurricular opportunities. Bloomfield offers many college credit bearing course offerings, including AP courses, Gemini courses and courses associated with the International Baccalaureate Program. Students can choose to participate in our strong music program through a variety of extracurricular offerings such as band, jazz band, marching band, chorus, jazz ensemble and drama productions. The district also has numerous interscholastic athletic opportunities for students. In addition to involvement in music and athletics, our students are also very involved in serving our community, as well as serving others in our region and around the world in a variety of ways.

Students at our elementary school are taught in an environment in which they are encouraged to actively explore the world around them. Our elementary school offers the IB Primary Years Programme (PYP) for children aged 3 – 12. The goal of the Primary Years Programme is to nurture and develop young students as caring, active participants in a lifelong journey of learning. In addition to PYP a strong emphasis is placed on character development and citizenship through our Five Star program. The elementary faculty and staff seek to ensure that all students are in a safe and caring environment that both encourages academic growth and fosters independence. The elementary school was recently recognized for their efforts and named as a top school in the **Beating the Odds, Building Opportunities** research study.

The Bloomfield School District recognizes the importance access to technology plays in preparing our students to be contributing, globally aware citizens in today's world. As a result, the district provides all students with access to a wide variety of digital tools and content, which are used as part of the daily teaching and learning process. Wireless access throughout the district allows students to efficiently connect their devices on each of our school's campuses. Emphasis on digital content that supports curriculum and enables students to access leveled instructional materials is evident at all grade levels.

We invite you to visit Bloomfield and our schools to see first-hand what a special district we have.

## Welcome to Bloomfield

The village of Bloomfield is located in Ontario County, about 25 miles south of Rochester, NY. The village is conveniently located in a beautiful rural setting nestled between the larger communities of Victor and Canandaigua. Bristol Mountain, Canandaigua Lake, Honeoye Lake, Seneca Lake and nearby parks and trails offer wonderful outdoor recreational options for boating, hiking, skiing and more. Nearby attractions include the Constellation Brands-Marvin Sands Performing Arts Center, Finger Lakes Community College, the Eastview Mall, Finger Lakes Race Track, the Eastman Theatre and many local wineries and breweries just to name a few.

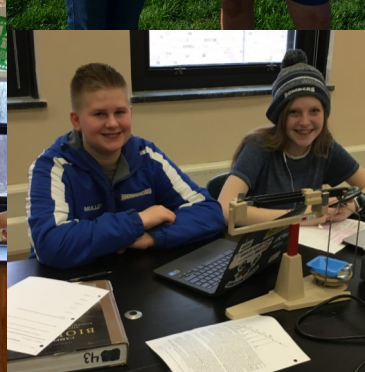

## The Bloomfield Community

The District also boasts a strong working partnership with the community and area businesses/agencies. Educational programs and student opportunities are provided as a result of the strong community partnerships. The community is highly spirited and takes pride in their school district as the result of our students scholastic achievement, as well as team sport excellence. Bloomfield is a very open and friendly community that exudes a sense of family as a result of its size. Community organizations and businesses play a key role in supporting and providing opportunities for students. Residents enjoy parades, community celebrations, concerts and other community centered activities within the village of Bloomfield. Community organizations such as the Antique Wireless Museum, the East Bloomfield Historical Society and the East Bloomfield Library work with the school to offer various programs and educational offerings to students. These experiences, when combined with the strong support of the community, make Bloomfield a family friendly setting conducive for success.

## Join Our Family

If you are interested in becoming a part of a vibrant learning community that is dedicated to providing growth opportunities for students; Bloomfield may be the place for you. Our school community offers a supportive leadership team, as well as a faculty and staff committed to continuous improvement. Bloomfield is a wonderful place to live and work and we are proud of what our district has to offer to our students, community, faculty and staff.
